\$4 BILLION CAPITAL PROGRAM

BRIDGE TO EVERYWHERE

\$1.5 BILLION DESMOND BRIDGE REPLACEMENT

A wide-angle photograph of a cable-stayed bridge spanning a body of water. The bridge features two tall, white, cylindrical pylons with numerous stay cables fanning out to support the deck. The sky is filled with dramatic, orange and red clouds from a sunset or sunrise. In the background, a city skyline is visible with some lights on. The foreground shows a dark, rocky shoreline.

CABLE-STAYED DESIGN

Greater Seismic Safety
