#### **HOLLAND ROAD OVERPASS**

#### **Project Details:**

Construction of a four-lane bridge over the I-215 which will include dedicated bike lanes, sidewalks, traffic signals at Haun Rd. and Hanover Rd., lighting, signing and striping. This Project will:

- Improve mobility & safety for residents and commuters
- Reduce congestion at Newport Rd
- Improve traffic circulation at more than 9 intersections

#### MCCALL BLVD./I-215 INTERCHANGE

#### **Project Goals:**

- Alleviate traffic congestion on the east side of I-215
- Improve on and off ramps
- Provide increased pedestrian accessibility

### GARBANI RD / I-215 INTERCHANGE MENIFEE

#### **Project Details:**

This project proposes to construct a new interchange connection at Garbani Road and I-215. The project is needed to mitigate anticipated future traffic impacts from private developments forecasted in the City General Plan. Additionally, the interchange will alleviate traffic congestion on Scott Road and provide an additional east-west connectivity for motorists and pedestrians.

## BRADLEY ROAD BRIDGE OVER SALT CREEK

#### **Project Details:**

Construction of a bridge over the Salt Creek Channel with capacity for four lanes replacing the existing at grade two-lane road. The project will also construct sidewalks, relocate utilities, and improve drainage.

- Improve drainage reducing closures due to flooding after rain events
- Improve mobility to motorists and pedestrians

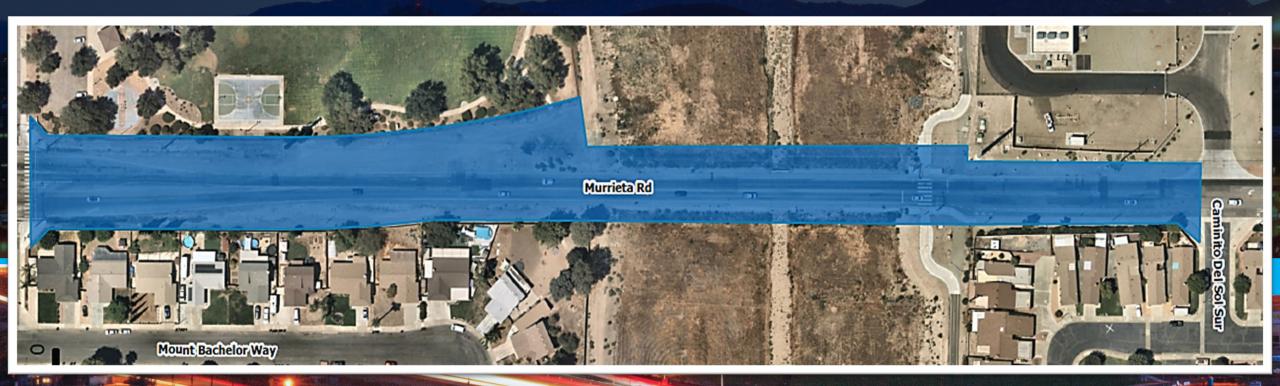

# MURRIETA ROAD BRIDGE OVER SALT CREEK

#### **Project Goals:**

- Improve drainage reducing closures due to flooding after rain events
- Provide better accessibility to pedestrians

#### 1 SCOTT RD/BUNDY CANYON RD WIDENING

#### **Project Goals:**

- Alleviate traffic congestion by widening to four-lane roadway
- Promote alternative transportation modes by installing buffered bike lanes
- Increase safety by installing additional traffic signals

Existing

Proposed

#### MCCALL BLVD. WIDENING

#### **Project Details:**

The project is located on McCall Boulevard between Oakhurst Avenue (Hospital Entrance) and Menifee Road. The project will widen the existing two-lane road to four lanes including a 12' center median. The project will also relocate utilities, install sidewalks and ADA ramps, and modify two existing traffic signals. The project is needed in order to mitigate increase traffic through the area due to residential and commercial development.

#### **VALLEY BOULEVARD WIDENING**

#### **Project Details:**

- Mitigate traffic congestion from new developments on the north side of the City
- Provide necessary connection to Murrieta Road

#### PALOMA WASH PEDESTRIAN BRIDGE

#### **Project Details:**

The project proposes to build a 14-foot pedestrian bridge over the Paloma Wash Channel connecting the City's Central Park to public transportation, shopping and other amenities located along Haun Road.

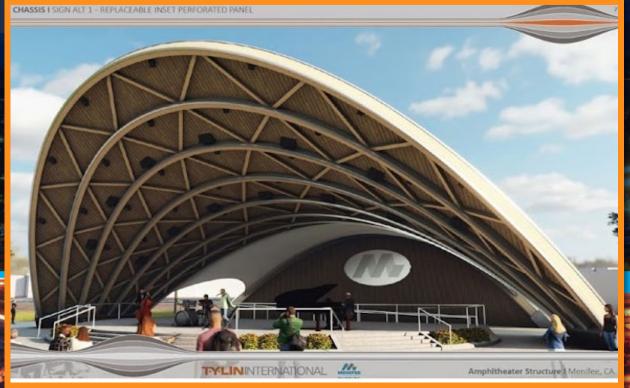

#### CENTRAL PARK AMPHITHEATER

#### **Project Details:**

- Facilitate outdoor events, such as the Menifee Music & Arts Festival
- Expand cultural arts programming throughout the City

#### **UPCOMING CITY FACILITIES**
