

PROJECT UPDATES AND CONTRACTING OPPORTUNITIES

Construction Network
Wednesday, January 24, 2024

AGENDA

PROJECT UPDATES

1. East San Fernando Valley LRT
2. G-Line Improvements
3. I-105 ExpressLanes
4. Highway Program

UPCOMING OPPORTUNITIES

5. Highway Program
6. Link US Phase A
7. Sepulveda Transit Corridor
8. NoHo to Pasadena BRT
9. Southeast Gateway Line
- 10.C (K) Line Extension to Torrance
- 11.Zero Emission Bus Charging Infrastructure

SPEAKERS

- **BRAD OWEN**
 - Senior Executive Officer
- **SCOTT MCCONNELL**
 - Executive Officer
- **KAVITA MEHTA**
 - Deputy Executive Officer
- **PAUL SULLIVAN**
 - Deputy Executive Officer

1. EAST SAN FERNANDO VALLEY LRT UPDATE

- The Project is currently in Phase 1 Pre-Construction of our Progressive Design-Build (PDB) Contract with San Fernando Transit Constructors Joint Venture (SFTC) for the Southern Segment.
 - 6.7 miles located on Van Nuys Blvd between the G Line BRT and San Fernando Road.
 - Early Construction activities including potholing and utility adjustments.
 - Final Design will be advanced in early 2024.
- Award of the Phase 2 Major Construction of the PDB Contract is anticipated in early 2025.
- For subcontracting opportunities, please visit SFTC's website www.sftcjointventure.com

2. G LINE BRT IMPROVEMENTS UPDATE

- The Project is currently in Phase 1 of our Progressive Design-Build (PDB) Contract with Valley Transit Partners (VTP)
 - Pre-construction activities including potholing, surveying, and geotechnical boring are complete
 - Implementing value engineering and scoping refinements to address affordability issues including ongoing community outreach
 - Pursuing Early Works Packages (EWPs) for 85%-AFC design and Pilot Gate
- Construction is anticipated to start in Summer 2024
- For subcontracting opportunities, please visit VTP's website www.valleytransitpartners.com

3. 105 EXPRESSLANES CM/GC UPDATE

- Project design is implementing value engineering/contractor innovations
- Construction of Segment 1 between I-405 and Central Avenue anticipated to start in Fall of 2024
- Segment 2/3 Design between Central Avenue and Studebaker Road is currently at 65%

4. HIGHWAY PROGRAM UPDATE

- **Construction**

- I-5 North County Enhancements Project (I-5NCEP)
- Soundwall Package No. 10

- **Pre-Construction**

- I-605 South Street
- Eastbound SR-91 (Atlantic to Cherry)

5. HIGHWAY PROGRAM OPPORTUNITIES

- **Construction - I-605 Beverly Interchange Improvements**
 - Reconfiguration of the Southbound I-605 Beverly Interchange from a cloverleaf to a tight diamond
 - Issued for Bid anticipated in Summer, 2024
- **Construction - SR-91 Westbound Alondra to Shoemaker**
 - Improve the westbound SR-91 connector ramp to I-605, Alondra Blvd. Offramp, and associated arterial street improvements.
 - Issued for Bid anticipated in Summer, 2024
- **Construction Support - SR-91 Central to Acacia**
 - Project is to improve a portion of the SR-91 corridor between Central Avenue and Acacia Court and construct a Collector-Distributor (C-D) Road between Central Avenue and Acacia Court in both directions of SR-91
 - Request for Proposals estimated in Winter, 2024

6. LINK US

1. Project Update

- Project has completed Value Engineering and proceeding with Advanced Preliminary Engineering (APE).
- Project is seeking NEPA clearance and expects to have ROD as early as the Fall 2024.

2. CMGC Procurement

- RFP Release – 1st Quarter 2024
- RFP Award – 4th Quarter 2024

3. Construction Management Support Services (CMSS) Procurement

- RFP Release – Summer 2024

7. SEPULVEDA TRANSIT CORRIDOR

- **Connect the San Fernando Valley to Westside and eventually to LAX**
- Two Pre-Development Agreements
 - LA SkyRail Express – Monorail (Alts 1-3)
 - Sepulveda Transit Corridor Partners (Alts 4-5)
- HTA Partners designing Alt 6
- **Project Status**
 - PDA Contractors providing technical work and engineering for their proposed concept
 - Parallel environmental review and approval process by Metro
- **Upcoming Opportunities**
 - Upcoming RFQ for Geotech and Fault Investigations in the STC corridor
- **For more information on the project visit:**
<https://www.metro.net/projects/sepulvedacorridor/>

8. NOHO TO PASADENA BRT

- CM/GC RFP release January 2024
- PMSS and Final Design proposals under review, contract award anticipated March/April 2024
- Construction is anticipated to start in 2025

9. SOUTHEAST GATEWAY LINE

- Formerly known as West Santa Ana Branch Transit Corridor
- Advanced Works CM/GC
 - Utility Adjustments
 - Hazardous Soils Abatement
 - Grade Crossings
 - Freight Relocation
 - UPPR Bridge Demolition and Construction
 - LRT Bridge over I-105
 - C-Line Infill Station
 - Release of Request for Proposals planned for February 2024

10. C (K) LINE EXTENSION TO TORRANCE

- **Construction Management and Program Management Support Services (CMSS/PMSS)**

- Services required in advance of construction to assist Metro with preparation of alternative delivery procurement plans and documents
- CMSS/PMSS Request for Proposals planned to be initiated in Quarter 3, CY2024, pending Metro Board selection of a preferred alignment alternative

- **Construction Package 1 - Advanced Utility Relocations (AUR) and Freight Track Relocations**

- Major Contract includes significant utility relocations, grading, retaining walls, freight track reconstructions, grade crossing improvements, etc.
- Alternative Delivery – Progressive Design Build
- Release of Request for Proposals planned for Q3, CY 2025

11. ZERO EMISSION BUS CHARGING INFRA

UPCOMING PROCUREMENTS (0-3 MONTHS OUT)

- RFP for CMSS For Division 9 / EMTC Charging Infrastructure
- IFB for Division 9 / EMTC Charging Infrastructure

FUTURE PROCUREMENTS (6-12 MONTHS OUT)

- RFP for PMSS to support Charging Infrastructure Design & Construction
- RFP for Progressive Design Build for Charging Infrastructure at Div 18
