

Elevate '28 Infrastructure Investment Plan

Department of Public Works

- As part of the FY 23 Budget, City Council approved the initial FY 23 – FY 27 Five Year Infrastructure Plan totaling \$533 million.
- During the FY 24 Budget Process, staff identified additional funding and projects and rebranded the five-year plan as the **Elevate '28 Infrastructure Investment Plan**.
- The Elevate '28 Plan includes over **180 projects**, in addition to various right of way improvements, totaling **\$758 million** spread across eight funding categories:
 - 2028 Olympic Legacy: **\$186,277,918**
 - Community & Cultural Investments: **\$12,150,000**
 - Gold Medal Park Refresh Projects: **\$31,840,000**
 - Mobility & Safety Improvements: **\$327,623,000**
 - Park Improvements: **\$46,825,000**
 - Public Facilities: **\$47,245,000**
 - Right-of-Way / Water Quality / Climate Action and Adaption Plan: **\$80,250,000**
 - Critical Facilities and Grant Match Funding Reserve and Other Critical Needs: **\$25,969,045**

- The appropriation of proposed funding for each upcoming year will be brought before City Council as part of Proposed Capital Improvements Program (CIP) annual budget process for City Council review and consideration (effective October 1 of each year).
- Subsequent CIP budgets will prioritize Elevate '28 identified projects.
- The full plan of all projects, funding totals, and planned year of funding and maps can be provided upon request.
- The information will also be available on the City's dedicated Elevate '28 Website.

- To communicate the Elevate '28 plan to the public and serve a hub for project information, a dedicated website has been created.
- The website includes unique project information pages that provide project details such as scope, budget, location, target construction start and completion dates, amount of funding currently secured, and current phase of the project.
- The website allows users to search for projects by council district, project category, and via map view.
- Information will be regularly updated and is displayed through Power BI which allows the public to easily sort and filter the Elevate '28 information in greater detail.
- Long Beach Procurement Division will have an Elevate '28 specific upcoming procurement webpage, dedicated to advertising upcoming opportunities.

ELEVATE 28 Power BI Dashboard

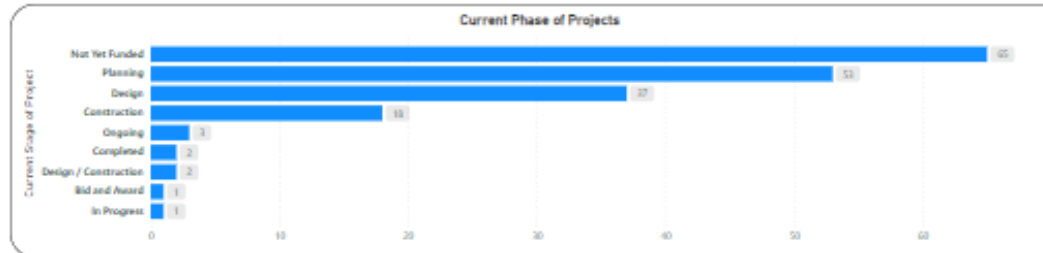

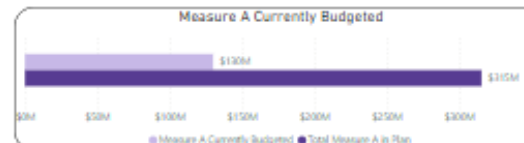

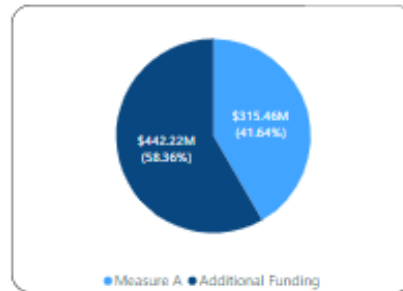

As part of Fiscal Year 2023 Budget, the Long Beach City Council approved a new five-year (FY 23 – FY 27) infrastructure investment plan totaling over \$533 million with over a hundred unique projects, consisting of four main categories: Mobility, Park Improvements, Public Facilities, and Right-of-Way, Water Quality, & Climate Action. In Fiscal Year 2024, the City enlarged the initial five-year plan with an additional \$214 million of funding spread across an additional three categories: 2028 Olympic Legacy, Community & Cultural Investments, and Gold Medal Park Refresh Projects and branded the plan as the **Elevate '28 Infrastructure Investment Plan**. The Elevate '28 Infrastructure Investment Plan now consists of over \$315 million of Measure A funding and over \$442 million of funding anticipated from additional funding sources, such as LA Metro Transportation Funding (Prop A, Prop C, Measure M, Measure R), State Gas Tax, SB-1, LA County Measure W, and various grant awards.

We encourage the public to utilize this Power BI table to explore the plan in detail. The data in this table will be updated quarterly.

FY 23 - FY 27 Measure A Infrastructure Investment Plan (IIP) - Project Information

Elevate '28 Infrastructure Investment Plan (FY 23 - FY 27) - Project Information							
Category / Project	High - Level Funding Summary			Project Information			Procurement
	Measure A Funding	Additional Funding (SB-1, Metro, Gas Tax) & Received Grant Funds Leveraging Measure A Investment	Total Infrastructure Investment Plan Budget (FY 23-FY 27)	High Level Scope	Project Location	Current Stage of Project (Planning, Design, Construction, Completed, etc.)	Estimated Construction Date
Total Amount of Available Funding	315,963,763	442,216,200	758,179,963				
Mobility							
6th Street Pedestrian and Traffic Safety Enhancements	200,000		200,000	The 6th Street Pedestrian and Traffic Safety Enhancements Project reconfigures 6th Street and part of 5th Street to increase overall safety in the right-of-way. Improvements on 6th Street include traffic signal upgrades, landscaped median with a sidewalk, and a bike path. 5th Street will be restriped to expand angled parking to alleviate parking impacted areas. This project is in conjunction with the Shoemaker Bridge Replacement Project.	6th St., Shoemaker Bridge to Atlantic Ave.; 5th St., Golden to Alamitos	Not Yet Funded	TBD
7th Street Pedestrian & Traffic Safety Enhancements	150,000		150,000	The 7th Street Pedestrian & Traffic Safety Enhancement Project reconfigures the roadway to increase safety in the right-of-way with the addition of and upgrade to traffic signals along with restriping improvements.	7th Street, Daisy Ave. to Atlantic Ave.	Not Yet Funded	TBD
7th Street Safe Streets Initiative	200,000		200,000	The 7th Street Safe Streets Project upgrades existing medians with landscaping and pedestrian safety islands. This project is identified as a Safe Streets Long Beach priority project aiming to eliminate traffic-related fatalities and serious injuries.	7th St., Magnolia Ave. to Park Ave.	Not Yet Funded	TBD
Alley Improvements	6,000,000		6,000,000	The Alley Improvement Project upgrades dirt alleys and repaves alleys in disrepair.	Citywide	Construction	In Construction
Anaheim Street Major Corridor Improvements	400,000	7,000,000	7,400,000	The Anaheim Street Corridor Improvement Project enhances safety with upgraded traffic signals, new medians with landscaping, and ADA upgrades to the right-of-way, and pavement and concrete rehabilitation.	Anaheim St., LA River to Pacific Coast Hwy.	Design	Fall 2024
Arterial Street Improvements	14,700,000	82,700,000	97,400,000	The Arterial Street Improvement Projects through the City, Citywide rehabilitation and maintenance of major arterial streets, scope includes construction of asphalt pavement, concrete improvements such as curb ramps, sidewalks, bus stop street pads, driveways, curb & gutter, cross gutters, and alley entrance, tree trimming, root shaving, traffic striping, and signage.	Citywide	Design	On-going
Artesia Great Boulevard	500,000	7,980,000	8,480,000	This 3.2 mile project will consist of roadway improvements such as asphalt roadway removal and replacement, concrete sidewalk, curb replacement, median and median fencing improvements, traffic signal enhancements, installation of ITS (Intelligent Transportation System) equipment, street lighting, pedestrian lighting improvements, stormwater bio-retention treatments, Class IV bike lanes, bulb-outs, landscape improvements, new street furniture, and wayfinding signage.	Artesia Blvd, Downey Ave. to Harbor Ave.	Construction	In Construction
Atlantic Ave. Major Corridor Improvements	100,000	3,500,000	3,600,000	Corridor and Complete Street improvements along Atlantic Ave between Ocean Blvd and the 405 Freeway. Full scope to be determined during planning and design.	Atlantic Ave., Ocean Ave. to 405 Freeway	Design	TBD
Bikeway and Pedestrian Improvements	100,000	6,250,000	6,350,000	Citywide Bikeway and Pedestrian Improvement Funds. To be allocated to specific projects throughout the City.	Citywide	Ongoing	n/a
Blue Line Rail Car Pedestrian Improvements	1,300,000	5,200,000	6,500,000	The Blue Line Rail Car Pedestrian Improvements Project will improve mobility, walkability, and overall pedestrian experience along 1st St. between Pacific Ave. and Elm Ave. Improvements include lighting, landscaping, benches, art, wayfinding, and installation of the Blue Car #100 for future use as a café or other community space.	1st St. from Pacific Ave. to Elm Ave.	Planning	TBD
City Place Parking Improvements	-	1,828,200	1,828,200	The City Place Parking Improvements Project include re-striping, asphalt enhancements, wayfinding, security cameras, and landscaping upgrades.	124E W 4th St., Long Beach, CA 90802	Construction	In Construction
Citywide Bridge Improvements	2,350,000	2,500,000	4,850,000	The Bridge Improvements Project will inspect, repair, upgrade, and retrofit city-owned bridges.	Citywide	Design	TBD
Citywide Sinkholes and Drainage Improvements	4,500,000	1,250,000	5,750,000	The Citywide Sinkholes and Drainage Project will apply permanent repair or temporary patching in the public right-of-way to remediate the impacts and damages to the street caused by sinkholes, subsidence, and street drainage issues. Work includes curb and gutter remediation to prevent sinkholes from forming.	Citywide	Construction	In Construction
Citywide Striping and Signage Program	100,000	3,000,000	3,100,000	The Citywide striping and signage program will make the necessary upgrades to traffic striping and traffic signage.	Citywide	Ongoing	n/a
Clark Ave. Improvements	2,000,000	500,000	2,500,000	Clark Avenue improvements will be conducted between E. Anaheim Street and Spring Street. Complete street approach will be implemented for this project. scope includes construction of asphalt pavement, concrete improvements such as curb ramps, sidewalks, bus stop street pads, driveways, curb & gutter, cross gutters, and alley entrance, tree trimming, root shaving, traffic separated bike lanes, roundabout design, signal modification, traffic striping, and signage.	Clark Ave., Anaheim St. to Spring St.	Design	Summer 2024-Fall 2024
Convention Center Parking Garage Improvements	1,000,000	1,000,000	2,000,000	Improvements to the Convention Center Parking Garage.	300 E Ocean Blvd., Long Beach, CA 90802	Not Yet Funded	TBD

FY 23 - FY 27 Measure A Infrastructure Investment Plan (IIP) - Project Information

Elevate '28 Infrastructure Investment Plan (FY 23 - FY 27) - Project Information							
Category / Project	High - Level Funding Summary			Project Information			Procurement
	Measure A Funding	Additional Funding (SB-1, Metro, Gas Tax) & Received Grant Funds Leveraging Measure A Investment	Total Infrastructure Investment Plan Budget (FY 23-FY 27)	High Level Scope	Project Location	Current Stage of Project (Planning, Design, Construction, Completed, etc.)	Estimated Construction Date
Total Amount of Available Funding	315,963,763	442,216,200	758,179,963				
Downtown Walkable Communities Project	100,000	7,893,000	7,993,000	The Downtown Walkable Communities Project provides curb extensions and pedestrian safety islands throughout Downtown. This project is identified as a Safe Streets Long Beach priority project aiming to eliminate traffic-related fatalities and serious injuries.	Downtown Long Beach	Design	TBD
El Dorado Park Parking Management and Entrance Improvements on Spring St.	300,000	-	300,000	Installation of an automated parking management system for El Dorado Park East as well as entrance improvements on Spring Street.	El Dorado Park, Spring Street Entrance	Design	TBD
El Dorado Park Street and Parking Lot Improvements	200,000	10,200,000	10,400,000	The Street and Parking Lot Improvements at El Dorado Park include repaving roadways and parking infrastructure throughout the facility. Funded by CA State Park Grant.	7550 E Spring St, Long Beach, CA 90815	Design	2024
Good Neighbor Park Street and Access Improvements	300,000		300,000	Good Neighbor Park Street and Access Improvements.	2800 Studebaker Road, Long Beach, CA 90815	Planning	TBD
Long Beach Boulevard Improvements	1,800,000		1,800,000	The Long Beach Blvd. Improvements Project upgrades pedestrian safety, traffic, lighting, and streetscape along the street. This project is also identified as a Safe Streets Long Beach priority project aiming to eliminate traffic-related fatalities and serious injuries.	Long Beach Blvd (Del Amo Ave. to Artesia Ave.)	Planning	TBD
Orizaba Avenue and Orange Avenue Traffic Safety Improvements	800,000		800,000	The Orizaba Avenue and Orange Avenue Project improves traffic and pedestrian safety along both roadways.	Orizaba Ave. and Orange Ave.	Planning	TBD
Pacific Avenue Bikeway Project	200,000	8,300,000	8,500,000	The Pacific Avenue Bikeway Project will install an active transportation bikeway along Pacific Ave.	Pacific Ave. (Ocean Ave. to PCH)	Design	TBD
Pacific Avenue Corridor Improvements	300,000		300,000	The Pacific Avenue Corridor Improvements project rehabilitates the street and provides median, lighting, and wayfinding upgrades.	Pacific Ave.	Planning	TBD
Pilot Concrete Crew Program	2,650,000		2,650,000	Funding will be spent on developing and implementing the Concrete Crew Pilot Program. This program utilizes City staff and are able to respond to smaller concrete jobs in a more timely manner.	Citywide	Planning	In Construction
Pine Avenue Bike Boulevard	100,000	4,100,000	4,200,000	The Pine Avenue Bike Boulevard Project will construct a Class IV bikeway to create safe, multimodal transportation.	Pine Ave. (8th St. to Willow Ave.)	Planning	TBD
Residential Street Improvements	44,620,000	55,380,000	100,000,000	The Residential Street Improvements Project upgrades sidewalks, driveways, curbs, gutters, and roadway markings and striping along with installing ADA compliant curb ramps and resurfacing the right-of-way.	Citywide	Construction	In Construction
Santa Fe Avenue Pedestrian Safety Improvements	300,000	150,000	450,000	The Santa Fe Avenue Project will provide pedestrian safety, median, and streetscape enhancements.	Santa Fe Ave	Not Yet Funded	TBD
Shoemaker Bridge Replacement & Shoreline Drive Realignment Planning & Design	400,000	30,000,000	30,400,000	The proposed Shoemaker Bridge design will be a four-lane, cable-stayed bridge carrying traffic from I-710 to a new elevated roundabout connecting Shoemaker Bridge to 7th Street and Shoreline Drive. The new Shoemaker Bridge will also have a protected shared-use path that connects Fashion Avenue in West Long Beach to a realigned Los Angeles River Maintenance Access Road/Class I Bike Path on the east bank of the Los Angeles River as well as Downtown Long Beach. The realignment of Shoreline Drive serves as a critical step to replace the aging Shoemaker Bridge.	Shoreline Drive / Shoemaker Bridge	Planning	TBD
Shoreline Drive Diagonal Street Parking Improvements	600,000	-	600,000	Diagonal Street Parking Improvements along Shoreline Drive near the Pike.	Shoreline Drive.	Planning	TBD
Street Maintenance Program (Crack and Slurry Seal)	10,000,000	10,000,000	20,000,000	Informed by City's Pavement Management Plan, the city selects the most cost-effective streets for maintenance. Maintaining a street early in its life cycle is essential for cost-savings and preserving its structural integrity. The Slurry and Crack Seal Program alleviates the backlog of street maintenance and lowers the cost of maintenance over the full lifespan of a street.	Citywide	Construction	In Construction
Studebaker Major Corridor Improvements	8,500,000	11,000,000	19,500,000	The Studebaker Major Corridor Improvements Project will reconstruct 5.1 miles of Studebaker Road with new crosswalks, traffic signal upgrades, medians, curb cuts to comply with the Americans with Disabilities Act requirements, bus stop enhancements, bikeways, bulb-outs at intersections, wayfinding signage, among other mobility improvements.	Studebaker Rd., 2nd St. to Carson St.	Design	TBD
Tidelands Area Parking Garage Improvements	-	2,200,000	2,200,000	Improvements to the Pike and Aquarium Parking Garages, including new parking operation equipment.	99 Aquarium Way, Long Beach, CA 90802	Design	Summer 2024-Fall 2024
West Side Pedestrian & Bike Safety Improvements	-	500,000	500,000	Pedestrian & Bike Safety Improvements on the West Side of Long Beach.	West Side Long Beach.	Planning	TBD
Subtotal:	104,770,000	262,431,200	367,201,200
