

Construction Network March 12, 2024

Patrick Lammerding, Deputy Executive Director Planning & Development,
Burbank-Glendale-Pasadena Authority (BGPAA)

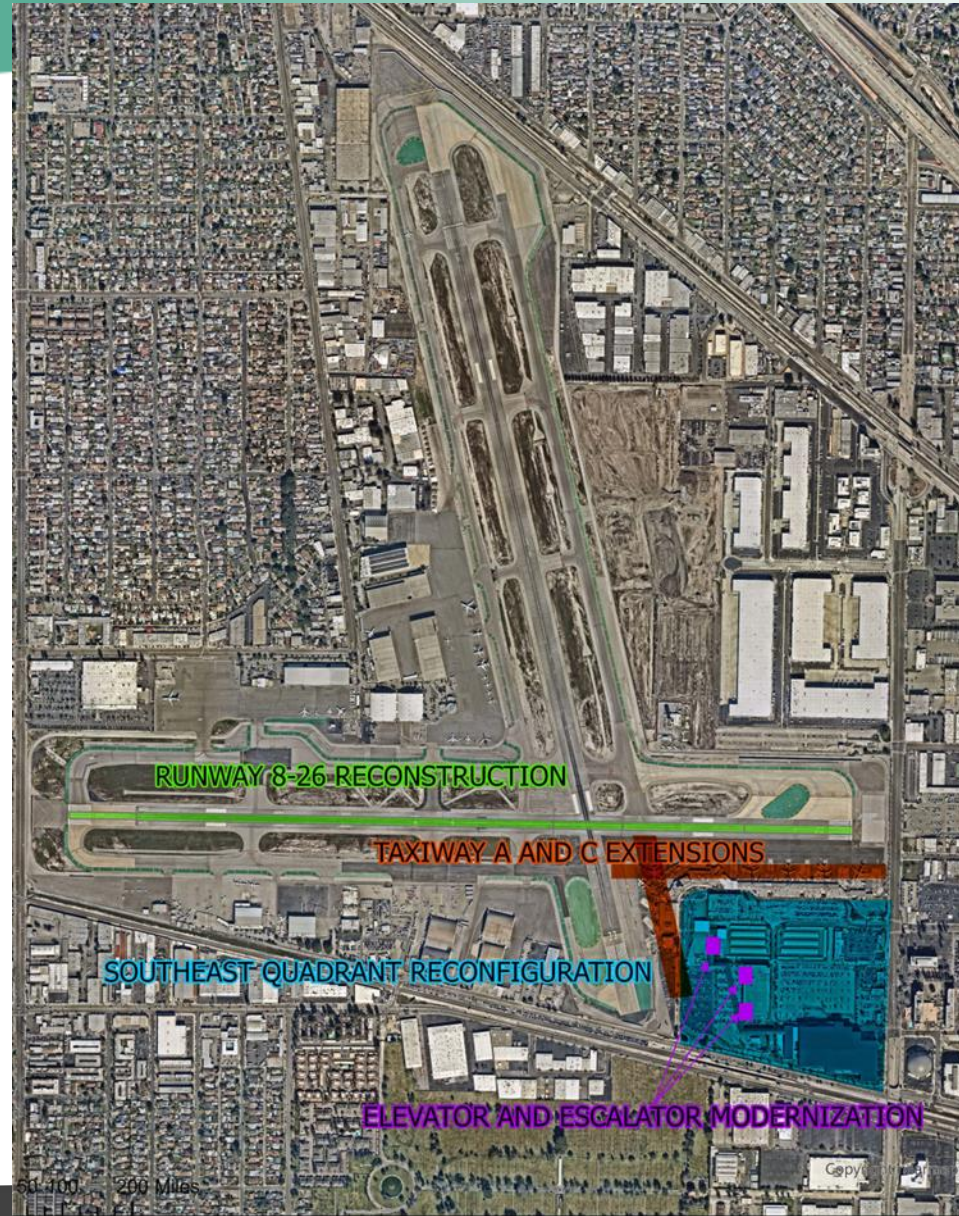

Upcoming projects

1. Airfield pavement rehabilitation of various airside areas, including runway and taxiway shoulders, taxiway connectors, apron, and runway blast pad locations. **A Request for Bids is anticipated to be released in the next few weeks, and construction is anticipated to begin later in Spring of this year.**
2. Runway 8-26 Keel Reconstruction will replace the keel section of the runway and rehabilitate the remaining pavement. **Start design summer 2024. Construction 2027/2028**

Upcoming projects

3. Taxiway A/C Extension will result in full length parallel taxiway to Runway 8-26 and 15-33. **Start design summer 2024. Start Construction Q3 2027.**
4. SEQ reconfiguration will provide improvements to ensure efficient and intuitive traffic flow. Part of this project is also to convert the RPS from valet storage to public parking. **Start design summer 2024. Start construction 2025.**
5. Escalator and Elevator Rehabilitation will modernize our equipment to improve safety and reliability. **Construction start Q3 of 2024.**

Upcoming projects

6. Landside and Airside pavement repairs: minor mill and overlay of Runway 8-26, maintenance driveway, ramp area adjacent to FedEx, etc. **Construction potentially Q4 2024.**
7. Airport Pavement Management System: PCI survey and CIP and M&R planning. **Advertise Q3 2024, start Q1 2025.**
8. Lot C Improvements: provide civil improvements and electrical infrastructure for bus shuttle chargers
9. Building 36 renovation : **TBD**
