Transportation Mobility in North Los Angeles County

LA Metro

Brian Balderrama, PE

*Deputy Executive Officer, Project Management –
Program Management/Regional Rail*

Ventura County Transportation Commission

Aubrey Smith

Program Manager | Regional Transit Planning

California High Speed Rail

LaDonna DiCamillo

Southern California Regional Director

North County Transportation Coalition

Arthur Sohikian

Executive Director

Metrolink

Roderick Diaz

Director of Planning & Development

Moderator: **Abdollah Ansari, EXP**

Join us as we dive deep into the candid questions such as the current highway congestion issues; the economic and social impacts of inaction; the projects in the pipeline; how serious the transit option is pursued; when projects will be in place; is Metro considering adding express commuter bus service between North County and LA business center and the Westside until rail service is improved; how much money is available (and what is being done with it); and how much more is needed to fix the problem, etc. Currently, the commute between North County (Palmdale, Lancaster, Santa Clarita) and the rest of LA County via SR14 and I-5 is a nightmare. No more capacity can be added to the I-5 and the I-5/SR14 interchange traffic backup keeps getting longer and longer while housing development in North County is exploding. A functional and efficient new passenger rail service and/or improvements to Metrolink service (by adding mid-day service) are the only viable options.

Tuesday, September 17

8:00 am

Check-in / Networking / Breakfast

8:30 – 10:00 am

Presentations / Q&A / Networking

Long Beach Marriott

4700 Airport Plaza Drive
Long Beach, CA 90815

Free Parking

\$96 / person until 8/30/24 at noon
