

# CONSTRUCTION NETWORK

Connecting Owners to AEC and CM Industries

## Transportation

### *Capital Programs, Master Plans and Contracting Needs*

Our discussion will share key aspects of planning, design, and construction within the San Diego and Imperial County regions. Our panel will focus on current initiatives, future projects, and the challenges faced in California's ever-evolving transportation landscape. The collaborative atmosphere will also feature networking opportunities and encourage dialogue among professionals dedicated to enhancing the State's transportation systems.
