SANDAG

2025 Regional Plan: Upcoming Projects & Schedules

Guest Speaker

Rachel Kennedy
Regional Planning Program Manager

The Regional Plan is a long-range plan for transportation, land use, housing, and the environmental needs of the San Diego region, that meets key state and federal mandates, including GHG reduction and air quality standards. It provides a roadmap for how the region will develop over the next 25 years, and how we will invest in transportation infrastructure that provides more convenient and safe choices for getting around. Staff will present an overview of the plan, regulatory requirements, transportation investments, and next steps.
